## *Summary of Recommended Motions & Other Action Items*

### ***IX. New Business***

#### **A. MDOT Modification #1-MPI Agreement**

This Modification amends a Three-Party Municipal Partnership Agreement that was executed by MaineDOT on 9/29/2021, with the Portland Area Comprehensive Transportation System (PACTS), and the Municipality of North Yarmouth for proposed improvement to Cumberland and Walnut Hill Road.

The maximum amount of the agreement shall be increased by \$12,000 from \$650,000 to \$662,000. Additional PACTS MPI funds became available due to withdrawn projects. The additional funding granted to W.I.N. #025813.00, by the Executive Board, was \$6,000.

Motion \_\_\_\_\_, Second \_\_\_\_\_ Vote \_\_\_\_\_

#### **Suggested Motion**

**To approve modification #1 to the MPI Agreement for W.I.N. #025813.00 in the amount of \$12,000 for a project estimate of \$662,000 and authorize the Town Manager to execute the agreement.**

#### **B. Schedule Workshop for Results of the Fire Station Study-2/21/2023**

Port City Architecture will be present to present Phase I of the Fire Station Study to the Select Board. This project was approved by the Select Board on July 19, 2022. The funding for the study is coming from the TIF reserve-professional services.

Motion \_\_\_\_\_, Second \_\_\_\_\_ Vote \_\_\_\_\_

#### **Suggested Motion**

**Schedule a workshop on February 21, 2023, at 6:00pm to hear the results of Phase I of the Fire Station Study by Port City Architecture.**

MEMORANDUM

TO: North Yarmouth Select Board  
Diane Barnes, Town Manager

CC: Ben Scipione, Code Enforcement Officer

From: Kate Burch, Planner, North Star Planning  
Ben Smith, AICP, Principal

RE: North Yarmouth Land Use Ordinance Audit

Date: January 10, 2023

---

**Project Overview**

The Town of North Yarmouth has contracted North Star Planning to complete an audit of the Land Use Ordinance (LUO).

Scope of Work

- Review ordinance structure and essential elements
- Review for consistency and clarity in definitions, standards, and zoning district requirements
- Review site plan and subdivision processes and standards
- Coordinate review with Select Board
  - **January workshop to provide initial feedback and solicit input on usability and technical issues with the LUO**
  - Meet with Town staff and Planning Board to understand problematic sections and standards for those who regularly work with the LUO
  - Hold 2 workshops (or a joint workshop) with Select Board and Planning Board on draft findings and recommendations

Timeline

- 12/2022: North Star Planning started an initial review of the Land Use Ordinance
- 1/17/2023: Select Board Workshop
- TBD February: Meet with Town Staff/Planning Board
- TBD February: Joint SB/PB workshop on draft findings and recommendations
- Complete document submitted to Town by end of March

### Deliverables

- Findings & Recommendations document
  - Redline copy of LUO with minor corrections (typos, spelling, etc.)
- 

### **Initial Feedback**

#### General Clean-Up:

- Remove references to expired items
- Edit for typos and missing table fields
- Consistent naming throughout ordinance
- Remove sections that duplicate state regulations.
- All definitions should be in the definitions section, with no standards in the definitions

#### Improve structure and organization to make it easier to read and use:

- Definitions, performance standards, and application submission requirements are found throughout the ordinance.
- Regulations for signs, roads, and open space are in many different sections and should each have their own topical chapter.
- Standardize chapter organization so each section has purpose, applicability, procedures, etc.
- Add more topic headings so it's easier to locate sections of code

#### Clear and specific standards for review processes:

- Consistent submission requirements for number/size of paper copies, electronic copies.
- Clarify application stages and timelines for site plan and subdivision applications, including when public hearings and site walks are required.
- Each application stage should have listed submission requirements that do not duplicate submission items. No submission requirements should be listed in other sections of the ordinance.
- Clarify amendment and waiver procedures
- Add "post approval" sections for site plan and subdivision to cover performance guarantees and plan expiration.
- Performance standards for site plan and subdivision review should be in their respective chapters.
- Move special district dimensional requirements (Resource Protection, Groundwater Overlay) with land use standards.

**First Amendment  
Town of North Yarmouth Village Omnibus  
Municipal Tax Increment Financing District and Development Program**

**I. Introduction**

**Section 1.01: History of Original Development Program.**

The Town of North Yarmouth designated the Village Omnibus Municipal Development Tax Increment Financing District (the “District”) and approved a municipal tax increment financing district development program for said District (the “Development Program”) by vote of its Town Meeting on April 6, 2019. The District and Development Program were approved by the Maine Department of Economic and Community Development (“DECD”) by letter dated July 29, 2019 to be effective for a term of thirty (30) years through June 30, 2049.

The District as originally approved consisted of 231.21 acres total, including properties located within the Town’s village center surrounding Walnut Hill Road (the “Village Center”). The District was designed to include properties where the Town anticipated development to occur, which would enable the Town to use revenues generated from the District to make investments in the District to support existing businesses and new commercial development and infrastructure improvements. In particular, the Development Program contemplated the use of TIF revenues to fund capital expenditures related to public safety and fire protection, improve village-area amenities, and fund sidewalk and streetscape projects, among other public projects. To date, the Town has utilized captured TIF revenue for professional services, economic development programs, street improvements, recreational trail improvements, and administrative costs.

The footprint of the District included only a portion of certain properties. This resulted in a slight discrepancy on the acreage and original assessed value of the District, which resulted in a technical revision to the District and Development Program as reflected in a letter from DECD dated August 5, 2020. This technical revision clarified that the acreage of the District was 263.92 and the taxable Original Assessed Value of the District as of March 31, 2019 (April 1, 2018) was \$16,651,400. Since the technical revision, the Town has noted further discrepancies between the acreage of the parcels listed in the Development Program and the Town’s current assessing records, some of which have been updated with more accurate surveys as properties have been developed. The actual acreage of the District per the Town’s current assessing records is 256.78 acres.

The District also included a few parcels of vacant land, which have since been developed into residential subdivisions. At the time of designation of the District, those parcels were identified as property on which commercial development could occur. In light of how these parcels have been developed since that time and that they no longer have the potential for commercial development, the Town now seeks to remove them from the District.

This First Amendment seeks to correct the acreage discrepancies and reduce the footprint of the District as originally approved, together with the items identified in Section 1.02 below. The Town’s intention at the time it adopted the Development Program was to capture up to 100% of

the increased assessed value to fund certain public facilities and projects as well as future credit enhancement agreements to attract new businesses or encourage business expansion, subject to Town Meeting approval. The amendment of this District and Development Program will enable the Town to continue its efforts to enhance and broaden the economic development and employment opportunities within the community through the use of tax increment revenues from the District as necessary and appropriate. These new economic development and employment opportunities within the District will benefit residents and business owners throughout the Town and will maintain and broaden the tax base within the Town.

### **Section 1.02: Amendment of District and Development Program.**

The Town now desires to amend the boundaries of the District and the authorized project costs of the District for the purpose of enhancing the economic development and employment opportunities within the District and outside of the District to the extent made necessary by or related to activities within the District.

These amendments are intended to advance the original economic development goals of the District and Development Program to provide new employment opportunities within the Town and to continue improving and broadening the Town's tax base and the general economy of the Town and the State of Maine.

Accordingly, the District and Development Program are hereby amended for the following purposes:

(a) to remove certain parcels from the District that have been developed for residential purposes and to add one adjacent parcel that may be used for commercial development;

(b) to revise the acreage and Original Assessed Value consistent with the amendment of the District boundaries;

(c) to provide updated estimates of the tax increment revenues and tax shifts for the extended term of the District; and

(d) to add authorized project costs related to public safety and affordable housing, and update the estimated project costs to include the additional estimated tax increment revenues to be captured during the extended term of the District.

## **II. Amended Development Program**

### **Section 2.01: Original Assessed Value.**

The Original Assessed Value of the District was certified in the original Development Program to be \$16,630,200 as of March 31, 2019 (April 1, 2018). An error in this value was identified following the approval of the District and Development Program by DECD and a technical revision was submitted to establish the Original Assessed Value of the District as

\$16,651,400 as of March 31, 2019 (April 1, 2018). The Town has used this Original Assessed Value since the first year of the District and all captured tax increment revenue has been based on this Original Assessed Value. With this First Amendment, and the removal/addition of certain properties from the District, the Original Assessed Value of the District is \$15,882,100 as of March 31, 2022 (April 1, 2021). The Town will use this Original Assessed value following approval of this First Amendment effective with the tax year beginning April 1, 2023. The attached Exhibit B certifies the Original Assessed Value of the District as amended.

**Section 2.02: District Boundaries.**

The property within the District and the physical boundaries as identified on Exhibit B and Exhibit D to the original Development Program are hereby amended effective April 1, 2023 as set forth in Exhibit B, Exhibit C and Exhibit D hereto.

The acreage of the District as originally designated was 231.21 acres, and corrected via a technical revision to 263.92 acres. Upon review of current assessing records, the actual acreage of the District is 256.78. This amendment shall remove 119.11 acres from the District and add 1.00 acre to the District as listed above, resulting in a total acreage of the District as amended of 142.16 acres.

A new Statutory Requirements and Thresholds Form is attached hereto as Exhibit A to reflect the acreage and Original Assessed Value of the District as amended.

**Section 2.03: Calculation of Tax Shifts.**

The projected tax increment revenues as of the original designation of the District and adoption of the Development Program were \$2,164,714.00 over thirty (30) years. The Town has historical tax data available from the tax year beginning April 1, 2019, and Exhibit E and Exhibit F attached hereto reflect the actual captured assessed value and tax increment revenue for each year of the District since that time, plus updated tax increment revenue and tax shift projections through the end of the District term as amended.

**Section 2.04: Project Costs and Public Facilities Descriptions.**

Exhibit A of the Development Program (Municipal Approved Project Cost Table) provided a list of projects authorized to be funded through captured TIF revenue pursuant to the Development Program. The Town hereby authorizes the use of captured TIF revenue within the District for the additional public improvements and projects as authorized by Maine law since the adoption of the Development Program as set forth in Exhibit G.

**Section 2.05: No Other Changes.**

Except as expressly amended by this First Amendment, the Development Program shall not be altered and is hereby ratified and confirmed in all respects.

**Section 2.06: Notice of Public Hearing and Approval of Amendment.**

The Select Board, at a meeting duly called and held on December 13, 2022 voted to hold a public hearing. A copy of the Notice of Public Hearing published in *The Forecaster*, a newspaper of general circulation in the Town of North Yarmouth on December 29, 2022 and January 5, 2023 is attached hereto as Exhibit H. A public hearing pursuant to such Notice was held on January 17, 2023. The minutes of the public hearing are attached hereto as Exhibit I. Following the public hearing, the Select Board voted to hold a Special Town Meeting and approved the warrant for said meeting, a copy of which is attached hereto as Exhibit J. A Special Town Meeting was held on February 4, 2023 and the voters of the Town approved this First Amendment as presented to the Select Board at the Public Hearing held on January 17, 2023. A copy of the results of the Special Town Meeting are attached hereto as Exhibit K.

**EXHIBIT A: Statutory Requirements & Thresholds Form**

<b>SECTION A.   Acreage Caps</b>		
1. Total <b>municipal</b> acreage;	13,702.40

**EXHIBIT B: Assessor's Certificate of Original Assessed Value**

**TOWN OF NORTH YARMOUTH  
CERTIFICATE OF ASSESSOR**

The undersigned assessor of the Town of North Yarmouth, Maine, does hereby certify pursuant to the provisions of Title 30-A M.R.S.A. Section 5227 that the Original Assessed Value of the taxable real property within the boundaries of the North Yarmouth Village Omnibus Municipal Development and Tax Increment Financing District as described in the Development Program for the District was \$15,882,100 as of March 31, 2019 (April 1, 2018)<sup>7</sup>.

[SEE ATTACHED TABLE OF PROPERTIES]

This Certificate has been executed as of this \_\_\_\_ day of \_\_\_\_\_, 2022.

\_\_\_\_\_  
Benjamin Thompson, Municipal Assessor

<sup>7</sup> The Original Assessed Value of the District was certified in the original Development Program to be \$16,630,200 as of March 31, 2019 (April 1, 2018). An error in this value was identified following the approval of the District and Development Program by DECD and a technical revision was submitted to establish the Original Assessed Value of the District as \$16,651,400 as of March 31, 2019 (April 1, 2018). With this First Amendment, seven parcels have been deleted, representing an Original Assessed Value as of March 31, 2019 (April 1, 2018) of \$769,3000 and one parcel has been added, representing an Original Assessed Value as of March 31, 2022 (April 1, 2021) of \$0.

<b>30 Year TF Total</b>								<b>\$ 8,815,854.64</b>	<b>\$ 2,164,714.00</b>
<b>Annual Average</b>								<b>\$ 293,861.82</b>	<b>\$ 72,157.13</b>

**Assumptions:**

<sup>1</sup> The OAV of the District was \$16,651,400 (as assessed 4/1/18; value as of 3/31/19). The District as amended will delete seven parcels and add one parcel. The assessed value of the parcels to be deleted (as of 3/31/19) is \$769,300 and has been subtracted from the OAV. The assessed value of the parcels to be added (as of 3/31/22) is \$0. The OAV as amended is \$15,882,100.

<sup>2</sup> The increased assessed values are actual values for Years 1 (2019), 2 (2020), 3 (2021) and 4 (2022). The increased assessed values for Years 5 - 30 are increased by 2% each year. These are estimates only and based on the average pace of development within the District during years 1-4 and anticipated new development as of the date of this First Amendment. The actual Increased Assessed Value figures in each year may vary and, as a result, the projections are subject to change.

<sup>3</sup> The mil rate is based on FY 2022-23 actual rate of 18.10 held constant throughout the term of the District.

<sup>4</sup> This table contains projections that are subject to a number of risks and uncertainties that could cause the actual values to differ materially from any projections relied upon herein and the actual values are likely to vary especially in later years.

**EXHIBIT G: Authorized Project Costs**

Note: Please note that while this Exhibit to the Development Program lists particular projects, the Development Program shall not serve as an appropriation of TIF Revenues for any of these specific purposes, nor shall it commit the Town to completing any particular project. The projects will only be undertaken following proper appropriation through the annual budget process and any other applicable required approvals.

	Project <sup>1</sup>	Cost Estimate	Statutory Citation
1.	<p>Capital Expenditures Related to Public Safety and Fire Protection: The cost of a fire truck or other public safety/fire equipment <u>and other capital costs relating to public safety and fire protection</u> attributable to commercial/industrial development within the District; <del>Includes any other capital cost relating to public safety and fire protection, including potentially a prorated portion of the and costs related to the construction or operation of municipal public safety facilities, the need for which is of a facility to the extent such capital cost or facility is needed due to commercial/industrial District development related to general economic development within the Town, not to exceed 15% of the captured assessed value of the District.</del></p>	\$4,000,000	30-A M.R.S.A. §5225(1)(A)(1); (1)(B)(2); <u>1(C)(9)</u>
2.	<p>Recreational Trails: This project would include the construction and maintenance of recreational trails and amenities thereon, including but not limited to improving access to parking areas for trails, parking area improvements for trails and benches for trails, in any Town location so long as such trails have the effect of either attracting tourists to the Town and/or facilitating transportation to the Town's village businesses. This project could potentially include property acquisition costs or real property assembly costs.</p>	\$1,000,000	30-A M.R.S.A. §5225(1)(A)(1); (1)(A)(3); (1)(C)(6)
3.	<p>Street-related Public Safety Measures and Village Area Amenities: In order to address potential safety issues resulting</p>	\$3,500,000	30-A M.R.S.A. §5225(1)(A)(1); (1)(B)(1)

	<p>from village area development and to improve the village area environment, this project could include but is not limited to street calming measures, improvements to sidewalks and curbing, street and walkway lighting, roadway improvements including but not limited to any potential drainage and stormwater improvements, bike lanes, parking improvements and lots, feasibility studies to test safety improvements and equipment to serve the District such as a sidewalk plow or capital expenditures related to such equipment. These projects must either be located in the District or must be directly related to or made necessary by the District development.</p>		
4.	<p>Sidewalks and Streetscape Projects: This project would include the construction or reconstruction of sidewalks within the District and/or leading to the businesses in the District from residential and commercial areas immediately adjacent to the District, including any and all other streetscape amenities. This project may include, but is not limited to, seating, street trees and other amenities to create village atmosphere.</p>	\$1,000,000	30-A M.R.S.A. §5225(1)(A)(1); (1)(B)(1)
5.	<p>Welcome Center: Capital and programmatic costs associated with welcome center for tourists and patrons of local businesses, to be located in the District. This project would be prorated to relate to the welcome center portion of such a facility if it also serves other functions.</p>	\$400,000	30-A M.R.S.A. §5225(1)(A)(1); (1)(C)(1)
6.	<p>Wireless Service/Broadband/3-Phase Power: Capital costs to install wireless service in the village area, to be used as a marketing tool and to support businesses. Capital costs of Broadband and 3-Phase Power improvements could also be paid for with TIF revenues to the</p>	\$750,000	30-A M.R.S.A. §5525(1)(A)(1); (1)(C)(1)

	extent such improvements serve the Town's businesses. Proration of costs related to commercial/industrial use as opposed to residential use may be utilized as appropriate.		
7.	Water Infrastructure: Capital costs to construct a water service expansion project for commercial/business users including all costs related thereto. This project would have to be located within the District or be directly related to or made necessary by District development.	\$1,500,000	30-A M.R.S.A. §5225(1)(A)(1); (1)(B)(1)
8.	Relocation of utilities: All costs associated with such project within the District to address safety and aesthetic issues for District purposes.	\$750,000	30-A M.R.S.A. §5225(1)(A)(1); (1)(B)(1)
9.	Environmental Improvement Projects: This project would include improvements relating to clean-up efforts of pollution and other impairment of any commercial District areas that may be found. Such environmental improvement projects would need to relate to District improvements and commercial impacts.	\$750,000	30-A M.R.S.A. §5225(1)(C)(2)
10.	Grants and Revolving Loan Fund: This project would allow the Town to establish permanent economic development revolving loan funds, investment funds and grants for economic development. The project would also allow for TIF revenue to serve as the local match for grant programs to fund otherwise approved project costs herein.	\$3,000,000	30-A M.R.S.A. §5225(1)(C)(3); §5230
11.	Professional Service Costs: This project would include, but would not be limited to, licensing, architectural, planning, engineering, and legal expenses associated with the District.	\$750,000	30-A M.R.S.A. §5225(1)(A)(4); (1)(A)(7)
12.	Administrative Costs: This project would include, but would not be limited to, reasonable charges for time spent by municipal employees in connection with	\$750,000	30-A M.R.S.A. §5225(1)(A)(5)

	the implementation of the Development Program.		
13.	Economic Development Programs and Other Costs: This project would fund municipal economic development budget items (including, but not limited to, appropriate prorated staff salaries, economic development planning efforts and the development of economic development planning documents), economic development programs and events, marketing of the municipality as a business location, signage, advertising costs, and the support of economic development efforts through enhancement of technology systems such as updating and improving the Town’s geographic information system (“GIS”) software and upgrading computers and assessing software. Any costs of the software/computers that relate to economic development generally in the Town are intended to be paid for with TIF revenue. There will be a proration applied to the total cost of software/computers for the proportional amount to be utilized by TIF district and business-related areas of the municipality. This project needn’t be related only to this district.	\$1,500,000	30-A M.R.S.A. §5225(1)(C)(1)
14.	Land Assembly for Redevelopment: Preparing/acquiring land for redevelopment to be sold and redeveloped/used by a business entity.	\$1,000,000	30-A M.R.S.A. §5225(1)(A)(1); (1)(A)(3)
15.	<u>Costs associated with the development and operation of affordable housing within the District or outside of the District to the extent directly related to or made necessary by the establishment or operation of the District, to serve ongoing economic development efforts of the Town, including, but not limited to, the acquisition of land or construction of public infrastructure improvements, demolition, alteration,</u>		30-A M.R.S. §§ 5225(1)(A)(9), (1)(B)(4) (cross referencing 30-A M.R.S. § 5249) §§ 5225 (1)(C)(11)

	<u>remodeling, repair or reconstruction of existing buildings, structures and fixtures, site preparation, finish work, professional service costs, real property assembly costs, operating costs such as property management and administration, utilities, maintenance, and insurance, and facilities used for recreational purposes such as recreation centers, athletic fields, swimming pools and ice skating rinks within the District.</u>		
	TOTAL:		

<sup>1</sup> The Town does not anticipate the need to relocate any displaced persons; however, if such a circumstance occurs in the future during the District term, the Town reserves it right to spend TIF revenues on such relocation pursuant to 30-A M.R.S.A. Section 5225(1)(A)(6). The cost estimate for such project is \$0.

Please note that any of the projects in Table 1 may be funded with municipal bonds, the Town’s intention is to be able to pay financing costs associated with that indebtedness with TIF revenues pursuant to 30-A M.R.S.A. § 5225(1)(A)(2)

**EXHIBIT H: Public Hearing Notice**

**TOWN OF NORTH YARMOUTH  
NOTICE OF PUBLIC HEARING**

The Select Board of the Town of North Yarmouth hereby provides notice that it will hold a public hearing at 7:00 p.m. on January 17, 2023 in the Wescustogo Hall, North Yarmouth, Maine, for purposes of receiving public comments on the proposed First Amendment to its Village Omnibus Municipal Development and Tax Increment Financing District pursuant to the provisions of Chapter 206 of Title 30-A of the Maine Revised Statutes, as amended.

The proposed First Amendment includes a revision to the District boundaries, consisting of the removal of seven (7) parcels totaling 119.11 acres and the addition of one (1) parcel totaling 1.00 acre, and the authorization of the use of captured tax increment revenue for additional public improvements and projects pursuant to Section 5225 of Title 30-A of the Maine Revised Statutes, as amended.

A copy of the proposed First Amendment to the District and Development Program is on file with the Town Clerk and Town Hall, 10 Village Square Road, North Yarmouth, Maine, and may be reviewed during normal business hours. All interested residents are invited to attend the hearing and to be heard at that time.

# Maine car safety inspection lags behind in digital age

By Matt Byrne

Portland Press Herald

The ritual begins every year after Thanksgiving and wraps up before Christmas, a blizzard of paper, envelopes and postage that is easier measured by the ton than by the page.

By New Year's Day, hundreds of thousands of Maine vehicle inspection stickers are stuffed into thousands of envelopes and mailed to the more than 2,600 repair shops and car dealerships across the state.

From the tiny state office in Augusta, a small team of state police employees counts and files more than a million sheets of paper, all by hand, to make the safety inspection program function. It is a relic of an earlier time, and now one of the last of its kind.

There are 15 states with mandatory vehicle safety inspections, but Maine is one of just three still running on paper forms and handwritten documents. Despite the office's efforts to modernize, state lawmakers and governors have resisted spending money or increasing user fees, particularly in election years.

"It's a fairly inefficient system by today's standards," said Lt. Bruce Scott, who oversees the operation. "It worked 25 years ago, but the digital era is here. There really is a need to bring ourselves forward."

Beyond increasing efficiency, a modernized inspection system would give regulators ways to prevent fraud and sniff out bad actors. Other states use automated tools to red-flag questionable practices and gather real-time data about what's happening in the field. The tools are not fool-proof, but they offer

Shelves are piled with vehicle inspection stubs at the vehicle inspection office of the Maine State Police in Augusta.

GREGORY REC / PORTLAND PRESS HERALD

a defense against "sticker shopping" for a mechanic who will pass a car that others would fail.

In Vermont, mechanics use a tablet computer as they check a vehicle's components. In New Hampshire and Massachusetts, the systems also are digital, and every garage is equipped with a printer that spits out stickers that feature the vehicle's unique identification number and registration details. Only Missouri and West Virginia still run paper-based systems like Maine's.

Lawmakers have tried for years to eliminate or modify Maine's system, to be able to grant exemptions or change to a biennial sticker. Bills also have been introduced to modernize the program, but all have failed.

Without new investment, every part of doling out stickers remains a chore. At the inspection program office, there is no loading dock or commercial entrance, so boxes of stickers must be carried inside from a pallet, stacked waist-high in an empty office, and carefully sorted by serial number. The stickers

are distributed to repair shops and car dealerships in numerically ordered batches.

The stickers are then sent out with the mail.

Staff use a printout list and highlighters and pens to keep track of which place received which stickers.

To complete the process, repair shops and dealerships must mail back receipts, known as stub sheets, with handwritten information about which sticker has been placed on which car.

When the stub sheets reach Augusta, an employee sorts them by station and stacks them on rolling shelves, arranged by station number and year. The staff keep track of more than 4 million sheets of paper (just three years worth) on a series of rolling shelves, a carefully organized but brittle filing system that could be ruined by a strong gust of wind.

Every January, the staff purge the oldest year of documents, about 1.3 million pages, to make room for 1.3 million new sheets, the rough number of sticker sheets mailed out each year.

A few years ago, Scott tried to speed up the process by putting bar codes on the stickers and using a scanner to process them. But the paper's glossy coating jammed the machine, and the state abandoned the effort, he said, but the bar codes remain.

All state inspection stations are expected to keep photocopies of their stub sheets on hand for two years so recent inspection information is easy for police officers investigating crashes to access, but not every station does that.

Going digital would reduce inspection stations' paperwork, but it also could require them to purchase new equipment, depending on what digital system the state selects.

John Kimball, an inspection mechanic since 1965 and owner of Kimball's Garage in South Portland, said he's been ready for a new system for years. While he doesn't love the idea of having to pay out of pocket for new state-mandated gear, it's part of doing business, he said, and no different than replacing a broken tool in the workshop.

He spends hours every week copying and mailing paperwork.

"People don't realize the paperwork involved," Kimball said. "You get paid for the inspections. You don't get paid for doing the paperwork."

## A system of trust

Maine's stickers are also easy to fake. Some of the attempts are hand-drawn and laughable, but others are nearly indistinguishable from the real McCoys.

In 2010, drug agents executing a search warrant stumbled on a counterfeit sticker operation that rivaled the quality of the state's own decals. The phony stickers – complete with a fake mechanic name, Jim Wilkins, and a bogus station number, came with a guide to applying them, which is now posted in the inspection office.

"Follow these instructions exactly or it will be your own fault when you get pulled over and have to pay a large fine," it warns.

A small number of state police investigate complaints and do spot checks in the field, auditing inspection stations for compliance with the rules.

As long as Maine's stickers are distributed

## TOWN OF NORTH YARMOUTH NOTICE OF PUBLIC HEARING

The Select Board of the Town of North Yarmouth hereby provides notice that it will hold a public hearing at 7:00 p.m. on January 17, 2023 in the Wescustogo Hall & Community Center, North Yarmouth, Maine, for purposes of receiving public comments on the proposed First Amendment to its Village Omnibus Municipal Development and Tax Increment Financing District pursuant to the provisions of Chapter 206 of Title 30-A of the Maine Revised Statutes, as amended.

The proposed First Amendment includes a revision to the District Boundaries, consisting of the removal of seven (7) parcels totaling 119.11 acres and the addition of one (1) parcel totaling 1.00 acre, and the authorization of the use of captured tax increment revenue for additional public improvements and projects pursuant to Section 5225 of Title 30-A of the Maine Revised Statutes, as amended.

A copy of the proposed First Amendment to the District and Development Program is on file with the Town Clerk and Town Hall, 10 Village Square Road, North Yarmouth, Maine, and may be reviewed during normal business hours. All interested residents are invited to attend the hearing and to be heard at that time.

# SAD 51

from Page 1

She said the school board should never have agreed to the extension.

“My issue is with the school board, who is being so careless with our money and basically slapping us in the face with this deal,” she said.

A new school is needed to address overcrowding in the district, school officials say. After the defeat at the polls in November, Porter said the district’s priority is to develop short-term plans to combat space issues, including adding more modular classrooms. Those plans will be rolled out this winter, he said.

A major concern of opponents to the school project on the ballot was the size of the property. Opponents said it was unnecessarily large when only 5 acres would be used for the school and the rest would be protected for open space and recreation.

“Many schools in Maine are built on large parcels,” Porter said in an interview with The Forecaster. “This is not unusual.”

Mitchell, who is a neighbor to the property, said the size of the lot and its cost were among her reasons for opposing the project, along with the potential impact on wetlands in the area.

“What kind of a lesson is that for these kids?” Mitchell said. “We’re going to disturb more of the land for your future, but you’ll have a shiny new school.”

Other SAD 15 residents who spoke out against the school project in the fall declined to comment.

A primary school proposed for North Yarmouth, pictured here in an architect's rendering, went down to defeat in November.

CONTRIBUTED / SAD 15

School board Chairperson Jason Record also declined to be interviewed for this story and instead issued a written statement to The Forecaster.

The purchase option on the land is necessary because the district currently has no better site in mind for a new school, he said, and the school board acted responsibly in extending the option.

“We haven’t finalized the schedule for another potential new school yet. The one thing we have done at this point

is that we have an option on the same North Yarmouth parcel again for up to five years,” Record said in his statement. “The previous option would have expired at the end of November and without a better option available, we opted to keep that door open for now.”

Record said the district can “exit the option if we don’t need that parcel, but the board felt it would be irresponsible to let that get away until we have something better.”

A new referendum on a new school is “likely one to three or more years away and some of that variability will be determined by whether we wait and try for the state funding, which is a long-shot and would add two years,” he said. The timeline is also impacted by “the financial uncertainty in our country right now” and “it may be wise to wait a year or more,” he added.

**Town of North Yarmouth, Maine**  
**Special Town Meeting Warrant**  
**February 4, 2023**

---

**To:** Clark M. Baston, a resident in the Town of North Yarmouth, County of Cumberland, and the State of Maine.

**GREETINGS:** In the name of the State of Maine, you are hereby required to notify and warn the inhabitants of the Town of North Yarmouth, Maine qualified by law to vote in town affairs, to meet at the Wescustogo Hall & North Yarmouth Community Center located in North Yarmouth, Maine on Saturday the 4th day of February A.D. 2023, at ten (10) o'clock in the forenoon, then and there to act upon Articles 1 through 3 as set out below, to wit:

The Registrar of Voters gives notice that citizens will be able to register to vote on February 4, 2023, from 9:30 AM to the close of the meeting.

**ARTICLE 1:** To elect a Moderator by written ballot to preside over the said meeting.

**ARTICLE 2:** To see if the Town will vote to adopt the Maine Moderator's Manual as prepared by the Maine Municipal Association as the parliamentary procedure at Town Meeting for the ensuing year.

**ARTICLE 3:** To see if the Town will vote to adopt the First Amendment to the Village Omnibus Municipal Development and Tax Increment Financing (TIF) District as recommended by the Select Board following a public hearing held on January 17, 2023, and as presented to this Town Meeting; and to adopt the following findings:

WHEREAS, the Town is authorized pursuant to Chapter 206 of Title 30-A of the Maine Revised Statutes, as amended, to adopt a Tax Increment Financing District and Development Program; and

WHEREAS, the Town designated the Village Omnibus Municipal Development and Tax Increment Financing (TIF) District (the "District") and approved a municipal tax increment financing district development program for said District (the "Development Program") by Town Meeting on April 6, 2019; and

WHEREAS, the Commissioner of the Maine Department of Economic and Community Development ("DECD") approved the designation of the District and adoption of the Development Program by letter dated July 29, 2019 to be effective for a term of thirty (30) years following the effective date of the DECD approval through June 30, 2049; and

WHEREAS, the Town desires to amend the District and Development Program as presented to the Town Meeting this day and as has been on file in the Town Clerk's Office at Town Hall in order to expand the opportunities for commercial development and new employment within the Town for residents of the Town and surrounding communities, which are expected to improve

and broaden the tax base of the Town and improve the general economy of the Town, the region and the State of Maine; and

WHEREAS, the Town has held a public hearing on January 17, 2023 on the proposed First Amendment to the District in accordance with the requirements of 30-A MRSA §5226(1) upon at least ten (10) days prior notice published in a newspaper of general circulation within the Town; and

WHEREAS, the Town considered all evidence presented during the public hearing with regard to any adverse economic effect on or substantial detriment to any existing business in the Town; and

WHEREAS, it is anticipated that the Commissioner of the Maine Department of Economic and Community Development (“DECD”) will approve the First Amendment to the District and Development Program;

NOW THEREFORE, BE IT HEREBY VOTED BY THE TOWN:

Section 1. The Town hereby finds and determines that:

- (a) Adoption and implementation of the District and the Development Program will generate substantial economic benefits for the Town and its residents, including employment opportunities, broadened and improved tax base and economic stimulus, and therefore constitute a good and valid public purpose and will contribute to the economic growth or well-being of the inhabitants of the Town or to the betterment of the health, welfare or safety of the inhabitants of the Town; and
- (b) Adoption and implementation of the District and the Development Program will not result in a substantial detriment to any existing business in the Town, and any adverse economic effect of the District and the Development Program on any existing business in the Town is outweighed by the contributions expected to be made by the projects and improvements described in the District and the Development Program to the economic growth or well-being of the Town or to the betterment of the health, welfare or safety of the inhabitants of the Town; and
- (c) The District and the Development Program satisfy the statutory conditions for approval set forth in 30-A M.R.S. § 5223(3), except as otherwise exempt, as follows:
  - 1. At least 25% of the real property within the District is in a blighted area, in need of rehabilitation, redevelopment or conservation work, or is suitable for commercial or arts district use;
  - 2. The total area of the District does not exceed 2% of the total acreage of the Town and the total area of all TIF Districts within the Town does not exceed 5% of the total acreage of the Town; and
  - 3. The original assessed value of the District plus the original assessed value of any other TIF Districts within the Town does not exceed 5% of the total value of taxable property within the Town as of April 1, 2022.

Section 2. Pursuant to Chapter 206 of Title 30-A of the Maine Revised Statutes, as amended, the Town hereby designates the proposed First Amendment to the North Yarmouth Village Omnibus Municipal Tax Increment Financing District, as presented to this Town Meeting.

Section 3. Pursuant to Chapter 206 of Title 30-A of the Maine Revised Statutes, as amended, the Town hereby adopts the Development Program for the District in the form presented to this Town Meeting.

Section 4. Said designation of the District and adoption of the Development Program shall automatically become final upon approval of the voters at this Town Meeting and shall take full force and effect upon approval of the District and Development Program by the Commissioner of the State of Maine Department of Economic and Community Development (DECD), without requirement of any further action by the Town, the Select Board, or any other party.

Section 5. Pursuant to the provisions of 30-A M.R.S.A. §5227, the percentage of the Increased Assessed Value to be retained as Captured Assessed Value in the District and the term of said District is confirmed as set forth in the Development Program.

Section 6. Following final designation of the District and adoption of the Development Program by the Town, the Chair of the Select Board, or his designee, be and hereby is authorized and directed, on behalf of the Town of North Yarmouth, Maine, to submit to the Commissioner of DECD for review and approval, pursuant to the requirements of 30-A M.R.S.A. §5226(2), the application and such other documentation as may be necessary or appropriate for the final approval of this District and the Development Program. The Chair of the Select Board, or his/her/their designee, is further authorized and empowered, at his/her/their discretion from time to time, to make such technical revisions to the District or the Development Program for the District, or to the scope, cost or description of the public improvements to be financed with the portion of tax increment revenues generated by the District and retained by the Town as described in the Development Program, as the Chair of the Select Board, or his/her/their designee, deems reasonably necessary or convenient in order to facilitate the process for review and approval of the District and Development Program by DECD, or for any other reason, so long as such revisions are not inconsistent with these resolutions or the basic structure and intent of the District and the Development Program.

Section 7. The Chair of the Select Board be and hereby is authorized, empowered and directed to enter into any Credit Enhancement Agreement contemplated by the Development Program, in the name of and on behalf of the Town, subject to the requirements of notice and hearing as set forth in the Development Program.

Given unto our hands this 13th day of December 2022 at North Yarmouth, Maine.

## V. *Consent Agenda*

1/17/2023

Consent Agenda items are considered routine and will be considered for adoption by one (1) motion with no separate discussion unless a Select Board member requests and item to be removed.

- A. Payroll Warrants – See Payroll Warrants
- B. Municipal Accounts Payable Warrants – See AP warrants
- C. January 3, 2023 Regular SB Minutes

### **APPROVE CONSENT AGENDA, AS PRESENTED**

*Move that the Select Board approve the Consent Agenda, as presented. Second, discussion and vote follow.*

OR

### **FURTHER DISCUSSION**

*Move to remove \_\_\_\_\_ from the “Consent Agenda” for further discussion under “Any Other Business”. Second, discussion and vote follow.*

**NOTE: WHEN A SELECT BOARD MEMBER WISHES TO TAKE AN ITEM OUT OF ORDER, THE BOARD MEMBER MAY MAKE A MOTION TO DO SO, AS LISTED UNDER “FURTHER DISCUSSION”.**

#### Example

- 1) “I move to remove the April 19, 2022, Business Meeting Minutes from the Consent Agenda for further discussion under ‘Any Other Business’”. *Second, discussion and vote.*
- 2) *At this point, there is a vote on the motion (if there is a second). A vote to approve the Consent Agenda, **as amended**, is then required without any further discussion. (see below)*
- 3) “I move to approve the ‘Consent Agenda’, as amended”. *Second, discussion and vote.*

**Town of North Yarmouth  
Select Board  
Meeting Minutes of January 03, 2023, 7:00 PM-8:36 PM**

**Call to Order:** (17:37-17:58)- Members Present: Brian Sites, Chairperson, Amy Haile, Selectperson, Paul Hodgetts, Selectperson, Katherine Perrin, Selectperson, and Andrea Berry, Selectperson, and Diane Barnes, Town Manager. Chairperson Sites called the meeting to order at 7:00 PM. Pledge of Allegiance. Chairperson Sites wished everyone a Happy New Year.

**History Minutes:** (17.59-20.21)-Presented by Selectperson Haile. Dixie Hayes provided an annual report dated 1933. The 90-year-old report, states painting the Town Hall cost \$69.00. Pipe and fittings for railing cost \$5.57. The North Yarmouth historical society just paid \$8500.00 for the same railings. There were 15 members on the budget committee. No one could pay a tax less than \$60.00. Livestock and musical instruments were assessed for personal state taxes. The highest teacher salary was \$750, and they received an extra \$25.00 for cleaning the school. Thanks, Dixie Hayes, for the fun facts from 1933.

**Appointments:** no appointments tonight.

**Special Presentations:** (20:21-56.26)-Guest, Eric Gagnon from the Yarmouth Water District. He is here to go over results from samples taken from the three aquifers. He wants to explain the system first. There are three aquifers that the Yarmouth Water district uses. Hayes well, pumps 260 gallons per minutes. Estabrook pumps 350-450 gallons per minutes. Reinsborough/Stevens pumps 600-1200 per minute. When a tank in Yarmouth drops below a point the well pump automatically turns on. In the winter, we use .5 million gallons and 1.4 in the summer. This is mainly from people watering lawns and gardens. North Yarmouth pressure zones can get water from the Yarmouth system at any time. There are a few variables that determine which pumps run at certain time.

Eric explained that all three wells were tested, and the Hayes well was the only well that tested positive for PFAS. The results were below the EPA standards. The other 2 wells are off the testing list. The Hayes well must be tested yearly. Yarmouth Water District will test other areas to see if they can determine where the PFAS it is coming from. Due to the test results, The Yarmouth Water district puts the Hayes well as third. In the winter, they will not use all three wells. During a storm or power outages they will pull water from the Hayes well as the others lost power.

Eric stated that if homeowners are concerned about the presence of PFAS in their wells, they can install carbon or resin filters. The filter media is incinerated after use to get rid of the chemicals.

A new well was purchased from the Portland Water District on the Cumberland town line. They will put smaller pumps inside it and do some samples on this new well. They do not want to spend a lot of money on the new well until they know the water quality.

**Questions:**

Selectperson Berry thanked Eric for coming in to talk with the Select Board. When are you planning on testing, and will you go over the results? Eric advised, they will be testing in the winter and spring. They will share the results. The cost is \$500.00 per sample. Selectperson Berry asked if the samples would tell you where the PFAS is coming from. Eric advised, we can find the area, but may never find the cause.

Select Person Hodgetts asked how much PFAS is coming out of septic systems? There is PFAS in a lot of cleaners. Eric is not sure how much goes in the septic system. The ground water protection overlay, according to the Land Use Ordinance is only supposed to have 450 dwellings. It is not up to date. Selectperson Hodgetts asked about the Shape files and if they can help us update our records. Eric said the shape file he has is probably from 2017. Eric said he could try to get updated shape files. Selectperson Hodgetts asked the Town Manager if we can get the shape files from GIS? Diane will make the request.

Selectperson Perrin asked, what is the risk of one aquifer infecting another. It is unlikely, as clay layers separate them. How do the new development and new septic systems tie in? Eric advised he would need to come back to answer this. He knows the current septic designs do not treat for PFAS. Septic systems remove nitrates. Are firefighter chemicals, landfills, and sludge the cause of the PFAS? Eric advises yes. Selectperson Perrin thanked Eric for being here tonight.

Chairperson Sites asked where North Yarmouth stood with PFAS in relation to other communities? Eric advised that we are about the same as the other communities. We are in good standards. For test results, you can go to the State of Maine drinking water program test site. Chairperson asked what could people do? People can test and

install a carbon filtration system. Once the carbon system is installed, he recommends taking another test. This would be the easiest solution for a single-family home.

Selectperson Hodgetts asked about the aquifer on Mill Road. Eric advised they have the well, but there is no piping. work for this well site is far down on the list.

**Public Comment:** (56.25-1:04:15)

Mike Mallory, Walnut Hill Road. Carbon dioxide is changing the whole climate of the world. He wanted to make sure the filters we use don't add more contamination. A short-term solution is not what we need to do.

Link Merrill, 1572 North Road. When you test well water; where do you test? Eric says, the test does go through our internal plumbing, but they do their best not to contaminate the sample. Link asked if the test results are posted. Eric states they are posted on the State of Maine Website.

Nelson Smith advised that firefighter foam was used here, but mostly used up at Pineland.

**Consent Agenda:** (1:04:10-1:04:30)

- A. Municipal Accounts Payable Warrants  
#55 \$104,928.77  
#57 \$795,183.27  
#58 \$38,120.74
- B. Municipal Payroll Warrants  
#56 \$41,495.61
- C. Select Board Minutes-December 13, 2022

Selectperson Perrin seconded by Selectperson Hodgetts moved to approve the consent agenda as presented. Vote 5 yes/0.

**Public Comment:** (1:04:31-1:07:39)

Bill Young stated that he was concerned about a proposed sidewalk in front of the Purple House. What is the point of it and how is going to be paid for? Chairperson Sites said they have a grant. They are waiting on feedback from the engineer. Nothing has been decided or voted on.

Paul Whitmarsh, 1 Wild Turkey Lane, noticed the EV charging stations on the agenda. Chairperson Sites advised it is on the agenda. We do not have much information on it. He is welcome to comment, but we do not have much information.

Bill Young asked if the fire department study came back yet. Diane Barnes, Town manager states not yet they are still working on it.

**Town Manager's Report, Diane Barnes:** (1:07:40-1:16:39)

**Budget**

The Town Manager will be presenting a draft budget schedule for the Select Board to approve at the next Select Board meeting. The budget schedule will include a proposed date for the Annual Town Meeting.

**Playground**

North Yarmouth has the opportunity to accept a playground that is in very good condition. The playground will be demolished this week if the Town. The contractor feels he can remove the playground in 3 large sections and delivered to PW which then could be retrofitted to an area at WH&NYCC. If it cannot be removed without damage, then the contractor will dispose of it on site.

The Select Board was in favor of receiving the playground equipment if it is up to standards and will not cost too much to upgrade.

**Old Business:** (1:16:40-1:25:40)

Board and Committee Appointment Process.

Chairperson Sites stated that he wants to wait for more feedback. He said he will allow feedback until Tuesday, January 10, 2023, and added to the next agenda to discuss.

Andy Walsh, 10 Firefly Lane, stated that this is the first he has heard of the process. In the case of an appointment to an elected position, do you appoint to the next general election or to the end of term? Chairperson Sites advised that the elected position is only filled to the end of the current term. This is stated in the Charter.

Paul Whitmarsh, 1 Wild Turkey Lane, stated that the Charter states that any elected position except, the school board is filled to the end of the term. School Selectpersons goes to the next election.

**New Business:** (1:25:41-1:27:16)

NorthStar planning is going to do an audit of our Land Use Ordinance. Workshop scheduled January 17, 2023, at 6:00PM. Selectperson Berry seconded by Selectperson Perrin moved to schedule a Workshop on January 17<sup>th</sup> at 6pm with NorthStar Planning and The Planning Board. Vote 5 yes/0.

**Keeping Cumberland County Warm-Agreement:** (1:27:18-1:32:40)

Presented Diane Barnes, Town Manager

Cumberland County has allocated \$1.3 million of its State and Local Fiscal Recovery Funds (ARPA) to support and address heating assistance needs in the Cumberland County region.

Funding is available to Local Municipalities and administered through their General Assistance Department. The program will run until April 15, 2023.

This program is intended to provide additional heating assistance for persons or families that otherwise would not be eligible to receive funding through General Assistance due to income eligibility. The goal of the funds is to target families with incomes above the General Assistance and LIHEAP income caps but no more than 300% of the federal poverty guidelines.

Eligible expenses for heating assistance include- Oil, Wood, Propane, Natural Gas, Electricity, Kerosene, and Wood Pellets. The funds are specifically targeting heating costs only.

Diane Barnes, Town Manager will administer the program.

Chairperson Sites, seconded by Selectperson Haile moved to enter into an agreement with Cumberland County for the purposes of accepting grant funds to keep North Yarmouth residents warm through the "Keeping Cumberland County Warm" program and authorize the Town Manager to execute the agreement. Vote 5yes/0

**Public Comments:**

Mike Mallory Walnut Hill Road. Why is there a minimum income requirement to get assistance. Chairperson Site explains, the minimum income requirement is because if you qualify for general assistance or LIHEAP you cannot qualify for this one. It is one or the other.

**Any Other Business:** (1:32:41-1:49:15)

EV Charging Stations

Diane Barnes, Town Manager The existing charging stations do not have the ability to charge. We would need the smart charging machines. The smart Charging stations cost between \$10,000 to \$15,000. The charging station we currently have is limited to 2 hours.

Selectperson Hodgetts states there are at least six cars that are there overnight 4 times a week. We do not know if they are even North Yarmouth Residence. Chairperson Sites states that it only takes 2 hours to charge a battery. His car only takes 20 minutes to charge. Chairperson Sites advised we do not have enough information to answer questions.

Selectperson Hodgetts says it's not fair for taxpayers. Chairperson Sites advised that folks may not mind chipping in for the cost, but we need to figure out how to administer it. Selectperson Berry suggests if overnight parking is an issue, we can put up signs. Chairperson Sites advised we will get more information, determine the problems, and fix them.

Selectperson Berry asked if the volunteer list that Living well maintains is just for them or can the Parks Committee use it to recruit volunteers to track downed logs on the trails? Selectperson Haile advised it is for everyone to use. Selectperson Hodgetts asked if the Zoning Board of Appeals could use it too and Selectperson Haile advised yes. She will reach out to Steven Palmer for them.

Selectperson Berry would like to put on the next agenda a potential update and reaffirmation of the resolution supporting the rail trail.

Selectperson Berry advised she received a message from a resident whose dog ran a little off the trail and got stuck in a trap. If you are trapping on the land, can you put up a sign warning of trappings if you abut one of our public parks? The dog owner understands it is their responsibility to control the dog, but a sign would be helpful. Buster the dog is doing well.

Selectperson Hodgetts asked where we are at for the quotes for the appliances out in the kitchen of the Community Center. Diane Barnes, Town Manager advised she has those and will get those to him.

Chairperson Sites asked Diane for an update on AV Equipment. The design came up for just the meeting room so that went back to the drawing board. We are still waiting on an updated design. Selectperson Hodgetts suggested that we purchase two new wireless microphones. Chairperson Sites advised we can get the microphones since this is taking longer than expected.

**Adjournment:** (1:49:16--1:49:22)

**Chairperson Sites, seconded Vice Chairperson Haile moved to adjourn at 8:36pm. vote 5/0.**

**Quarterly Report**  
**October-December 2022**

---

**Permit Comparison**

<b><u>Permit Type</u></b>	<b><u>October 2021</u></b>	<b><u>October 2022</u></b>	<b><u>November 2021</u></b>	<b><u>November 2022</u></b>	<b><u>December 2021</u></b>	<b><u>December 2022</u></b>
Occupancy Certificates	5	4	0	0	5	2
Building Permits	16	4	9	2	7	14
New Homes	9	0	1	0	6	7
Plumbing Permits	19	10	5	4	22	6
Septic Permits	9	4	2	2	7	3
Electric Permits	22	12	16	5	9	14
Subdivisions	0	0	0	1 (VG)	0	0
Contract Zoning	0	0	0	0	0	0

**CEO Overview**

There were 6 certificates of occupancy issued this 4th quarter of 2022 compared to 10 issued the 4th quarter of 2021. There were 30% less building permits issued this quarter than last year. There were 7 New Home permits pulled this quarter vs 16 last year. There were nearly double the amount of plumbing permits pulled during the 4th quarter of 2021 than this year. This trend was consistent for Septic Permits as well. There were roughly 1/3rd less electrical permits pulled this quarter vs last year's final quarter. Village Green, though technically an amendment to Village View Subdivision, was approved at the November 2022 Planning Board Meeting with 4 dwelling units to be constructed in 2023. I think a large part of the decrease in permits this 4th quarter vs last year's is a result of the timing of previous subdivisions being built. Village view building permits were being pulled and York Ridge was still being constructed at this time last year, which largely drove the high number of permits.

Crossroads Development is well underway. The 5 homes on the Rt. 9 side of Dozer Dr are being constructed, with 2/5 having been issued Certificates of Occupancy. Village View Phase 2 is nearing completion, with only a few lots left to be developed. Lots 1 & 2 are the only ones that have not had permits pulled at this point. Trudy Bird's officially opened for business during this 4th quarter of 2022.

Respectfully,  
Ben Scipione

## Changes/Updates

Over the last quarter all (3) three of our live-in students have complete their Firefighter I & II certification. We have had (1) one call member participates and become certified as a firefighter I & II. All 4 members are very active within the department and increases the departments capability. We have (1) one call member currently enrolled in a basic EMT program and hopes to be complete with the program and licensed as a EMT-Basic by the end of January. We have brought on (1) one new call member to the department. He does not have any experience but he would love to learn both fire and EMS functions.

I would like to take a minute to thank all of the call members that assisted with emergency responses during the December 24<sup>th</sup> wind/rainstorm. North Yarmouth Fire Rescue handled 24 emergency calls over an 18-hour period with very little break in between calls. On many of these responses there was a joint effort with NYPWD of both agencies working side by side to make our roads passible and mitigate the emergencies as safely as possible. I am extremely proud of the men and women that serve our community. I would also like to take a moment to recognize Vernon "Butch" Goff. Butch recently retired from the department in which he gave the town 52-1/2 years of selfless service. I recognized Butch at the departments annual banquet in November. Butch served the Town of North Yarmouth from 11-01-1969 until 06-31-2022.

Call Volume Statistics for the calendar years of 2015 through 2022

## **Project(s) Update**

Port City Architecture has finished their initial report. I am working with Port City Architecture and the Town Manager on scheduling at an upcoming meeting for Port City Architecture to present the draft report. We held our Annual Open house on October 7<sup>th</sup> from 5:00PM to 7:00 Pm. During the open house we also offered a flu vaccination clinic in which 69 people were vaccinated. The COVID-19 FEMA DR4522ME declaration closed out on December 31<sup>st</sup>, 2022. I submitted all of our paperwork and met with our FEMA representative on December 12, 2022. I submitted the following expenses for reimbursement:

1. Expenses from Feb 1<sup>st</sup>, 2020-June 30, 2021, for a total of \$12,175.51
2. Expenses from July 1<sup>st</sup>, 2021, to June 30, 2022, for a total of \$6,967.13
3. We did not submit expenses from July 1, 2022, to December 31, 2022 due to not meeting the minimum cost amount of expenditures to submit.

I will meet with FEMA sometime over the month of January to finish the closeout on the documents. More to follow on the exact amount we can expect to see from the reimbursement.

## **Coming Up**

I am still currently working with Cumberland County EMA on updating the Town of North Yarmouth Emergency Operations Plan. We have made some great progress with the plan and are currently meeting monthly to discuss any changes and updates needed. The wind and rainstorm that came through town on the Christmas Weekend had showed the need for many warmings shelters throughout the county. I am meeting with Cumberland County EMA on our shelter plan on January 9<sup>th</sup> @ 09:00 to discuss our shelter plan. The county would like to complete our shelter plan and use it as a template for the rest of the communities in Cumberland County to follow. Lastly over the next few months we will be working on our annual budget requests.

Respectfully Submitted,  
January 4, 2023

Gregory Payson  
Fire Rescue Chief/EMA Director/ Public Health Officer, Fire Rescue Department

## Quarterly Report - Public Works Department October/November/December

Weekly Average	64	62.75	67.125	77

## REPORT

The community center has been very busy over the last few months. We closed out **October** with a successful Trunk or Treat & movie night. We had 38 trunks participate, Uncle Sean's Food truck came, and Greely Football Boosters sold refreshments. We had a turnout of 400+ people.

In **November** we began indoor pickleball. Per request, we adopted the Spond app to monitor sign ups and participation. The group has session T/TH 10am-12pm & 12-2pm, Saturdays 9-12pm & 4-7pm, Sundays 3-6pm (a total of 17 hours a week).

Between **November & December**, we hosted 4 GHS sports banquets (volleyball, football, girls', and boys' soccer), a wreath making class, a kid's yard sale and the Merry Mixer.

\*This year's Merry Mixer & Tree Lighting brought together a new tradition to pair with an old tradition with hopes of attracting more residents. Brio dance company brought their local dancers to perform, Santa came, Hannaford donated hot chocolate and we showed "Elf" after the tree lighting. The Historical Society was also present to sell books and mugs.

Rentals were steady over the past few months. We booked a 3-part yoga workshop, Blue Grass Association's jam session (one a month-April), a wreath making class and a handful of birthday parties. We also hosted two holiday crafts fairs (2-day Veteran's Day Fair & 1-Day Walnut Hill Craft Fair).

## Current Scheduled Activities

On a weekly basis, here is a list of the classes/programs the community center is hosting:

### **Drop-in Rate:**

- ❖ Pickleball (T/TH/Sat/Sun)
- ❖ Kiddie gym (M/W/F)
- ❖ Open Gym (M-F)

### **Donation Based:**

- ❖ Community Book Club

# Town of North Yarmouth Quarterly Department Head Report Wescustogo Hall & North Yarmouth Community Center
