

I. Minutes: Motion was moved and seconded to approve minutes from 06/17/2020 meeting. Motion was approved.

II. Recycling: Rosemary reached out to Steve to inquire whether or not recycling education would be consistent with LWNYS charge.

Rob Wood was invited to this evening's meeting because of his experience and expertise with recycling and Eco-Maine.

Following much discussion the consensus was that we should pursue the matter. Eco-Maine provides educational events and Rob agreed to work with LWNYS

on a future event. There were a number of suggestions such as placing recycling signs on The NYS signposts, a screening of The movie Wasteland in

conjunction with junk art projects, placing info on FB and Town Website. It was agreed we will start working with Rosemary and Lisa for a future event.

III. Traffic Calming: Vanessa was invited to update us on traffic calming progress and to discuss how or if LWNYS should continue to be involved or having done the groundwork

should pass the torch. DOT just approved The North Yarmouth plan so there is a probability that some form of installation will be done this year.

LWNYS agreed we would put kites and banners back up. Clusters of kites will be placed in 5 spots: North Road, In front of Jen Ames house, in front of

The Community Center, on The Village Green, and on 115 near Ashley Hein's house.

It was decided we will meet next Wednesday, 26th, at The Community Center to put up the kites. Ginny will get safety vests from Public Works before we venture out onto the roads.

There was a bit of reminiscing about Burma Shave signs and Rob mentioned that Darla had created some takeoffs for a previous event. Rob will

contact Darla to see if we could use those as examples for creating our own traffic calming "Burma Shave" signs.

IV Wellnes Checks Jay said that none of his "people" need anything so he is no longer going to call. Ginny's 2 gentlemen enjoy the contact so she will continue the calls.

Both Steve and Gay agreed with Jay that their contacts really did not need anything. It was decided that it would be left up to the individual committee member to do what they deemed best.

V. Postponed Two agenda items, playground and dog park were postponed until our next meeting.

VI. Next Meeting. September 16th, 2020. Community Center
All meetings going forward will be held on the 3rd Wed of the month.

VII. Mtg Adjourned 7:15 PM

Minutes recorded by Ginny Van Dyke
