January to June Timeline

January

- initial co phrase
- continued project refinement
 - finalize interiors and visit finishes where needed for refinement
- town vote
- construction (fall)
 - mobilize for start of construction

Foyer

- recessed lighting

Module sliding doors - Steve B asked if there could be more to create more spaces

- lifesaving egress
- in theory you could but not recommended
 - i. 4ft depth coming off wall when folded in and will be flush with the wing wall
- not common on our current schedule to need more than five spaces

Average attendance at town meetings is 80 people

- Presentation showed us 80
- easily add in 20-30 more

Storage in the hall closets

- 4x6 four of them
- 15x6 two of them
- 4x6 three more of them

Floor to top where sliding walls is @10 ft

Doors in to middle portion of hall are 8ft

Gym

- open reach through to kitchen?
- stage to keep or not to keep?
- need water fountains
