

Meeting: 9/25/17

Attending:

Rod Duckworth, Priscilla Brobst, Gay Peterson, Donna Palmer, Steven Palmer
Joan Sullivan

Agenda: the purpose of the meeting was to discuss the drafts prepared by Gay related to the First Greeter Program. Gay presented the orientation guideline, an introductory letter to new residents, an application form for First Greeters and business cards. Gay also had prepared larger ID tags for First Greeters. There was discussion but nothing leading to any substantial changes to what Gay is proposing. The next step will be to present this info for those who attend the First Greeter orientation Wednesday night, Sept 27 at 7PM at the NYMS building.

An Excel file will be maintained of new residents. Most of these are coming from the main office through Cherly Trenoweth. Currently there are 4-6 new residents who have expressed interest in meeting with a First Greeter. An email address is now available for people to write directly to firstgreeter@northyarmouth.org. Cheryl is also taking responsibility for preparing the greeter bags and Gay will be keeping those at her house.

Joan Sullivan introduced herself to the group and expressed her desire to become a committee member. She was briefed on a bit of the history of the committees' work and basic philosophy of working to be all inclusive when deciding the issues of our residents that the Living Well Committee should be addressing. The town-wide survey is the source of where we have derived our start and focus. We are pleased to have interest and energy.
