

## Living Well In North Yarmouth Minutes, 3/12/2018

Attending: Ginny Vandyke, Priscilla Brobst, Stephen Harris, Rod Duckworth, Donna Palmer, Alvin Ahlers, Steven Palmer

### Mission and Vision Statements:

Both of these initial drafts written by Rod were reviewed. Rod will rewrite them with the changes and then send them out to members for accuracy. At the April meeting, we will hopefully accept them as the final products.

### Action Plan:

Donna let the group know what she has done with the action plan and what the AARP Livable Community submission requires. Donna will continue to work on the action matrix.

### Planning Board:

As part of our advocacy role Steve will present information on housing as it relates to affordability, downsizing, multigenerational: terms we discussed with AARP representative Patricia Oh. The purpose is to heighten everyone's awareness of terms used when discussing proposals from prospective developers and to convey the thinking of the Living Well committee members on the subject of housing(which embraces all ages and promotes opportunities where prices include consideration for those falling into the affordability index for North Yarmouth.

### Ice Cream Social:

Planned for April 27th from 6-8. Steve is working on a few students to help and a troubador for light entertainment. We need to reach out to the events committee (shouldn't be too hard) to make sure they wish to participate. We will do a raffle again for gift certificates.

### Duck Race:

Ginny will contact Ken Filliter for his recommendations on the timing of this. And Ginny will discuss with Ken the interest Parks and Recreation has in collaborating on this. We did not address this but should have in our meeting.

### Special AARP Workshop;

To be held this Thursday, March 15th at the Community Center. Looking like Steve, Donna, Rod and Ginny will be able to attend. 9-2

Submitted by Steven Palmer. Meeting adjourned 3:02
