

❖ Do you have unwanted or obsolete pesticides?

❖ Are you a homeowner, gardener, or family-owned farm?

The Board of Pesticides Control is collaborating with Maine Department of Environmental Protection to collect obsolete or unwanted pesticides from Maine residents free of charge. To participate, submit an application at thinkfirstspraylast.org

**APPLICATIONS MUST
BE RECEIVED BY
SEPTEMBER 26, 2022
TO PARTICIPATE**

Maine Obsolete Pesticide Collections

Submit Application

- Visit thinkfirstspraylast.org, email pesticides@maine.gov, or call 207-287-2731 to register and submit an application. You'll need the chemical name, amount, and condition of the products you'd like disposed of.

Receive & Review Materials

- In a few weeks, you'll receive event details with instructions on how to participate. Some documents are required to be on your person with your unwanted materials.

Come to the Event Location

- Visit your designated location during the 2-hour event period with your paperwork and unwanted materials. BPC and DEP staff will assist you and transfer materials to the vendor.

Collections will take place in October, participants will be notified of specific dates and times in an informational packet sent out two weeks before the program. Locations will be set up in Presque Isle, Bangor, Augusta, and Portland. This is not a household hazardous waste event, only pesticides and adjuvants will be accepted.
