

Fire Company Donates AED's to the Town

The North Yarmouth Fire Company, a group of current and former members of the Fire Rescue Department who work tirelessly to support the work of the department, donated four AEDs to their department, according to the town. These were placed in Engine 51, Tank 53, Squad 57 and the Command Vehicle.

This very generous gift will, undoubtedly, save lives in our community.

Recently, the town kicked off an initiative geared toward reducing heart damage, boosting survivability, and enhancing the quality of life for people who experience a heart attack, stroke or sudden cardiac arrest.

In March, North Yarmouth was designated a HeartSafe community. The HeartSafe program, a collaboration between Maine Emergency Medical Services and the Maine Cardiovascular Health Council, recognizes community efforts to provide strong cardiovascular-related emergency care.

In another example of these efforts, the Fire Rescue Department has partnered with the Maine Cardiovascular Health Council and Lifesavers, a New Jersey company that provides emergency medical response products and training, to offer local businesses the chance to place automatic external defibrillators in workplaces at a substantial discount.

A portable, user-friendly electronic device, the AEDs automatically diagnose possibly life-threatening heart rhythms.

While an AED usually costs between \$1,250 and \$1,500, the town can provide a Defibtech Lifeline AED with a five-year battery pack, manual, adult pads, warranty, and quick-use card for only \$675. Purchase inquiries can be directed to Fire Rescue Chief Greg Payson at 829-3025 or firechief@northyarmouth.org.

Town Report Dedication Nominations Due Soon

Reset Your TV to Receive Public Access Channels – FREE!

If you subscribe to Time Warner Cable and have a digital TV set, you can receive the public access channel (now 121) if you only have the basic TWC package.

Approximately three years ago, some North Yarmouth customers lost the public access channel signal following a major industry change to digital usage. Customers were told that they would have to purchase a converter box at an additional monthly cost of \$3.95 in order to watch our local town and school meetings. TWC explained that with digitizing this channel was compressed it to a higher channel.

Thanks to the diligence of the town's Communication Committee's Chairman, Rob Wood, his recent communications with a TWC technician has revealed that by re-setting your channels under the Menu tab (menu-broadcasting-auto, programming, and search channels) will create many more viewing channels for the basic TWC customer including the public access at channel 121.

The Flag Committee Presents the 2015 Honor Roll

A+ Garage Doors
*In honor of Steven Burnell, US Army,
Operation Iraqi Freedom Veteran*
American Legion Anderson-Mayberry
