

**Kevin Mark Robinson**

**Select Board – 1 year term**

I am currently owner of MCP Equipment, I started This business 9 years ago and specialize in hydraulics, electronic troubleshooting and safety related issues. I grew up in well-known family construction business in North Yarmouth.

I spent 9 years as vice president of a Cumberland based construction company repairing and installing septic systems and general earthwork. I owned a truck equipment manufacturing business for 10 years selling and marketing equipment throughout the eastern US.

I was vice president of sales, maintenance and repairs for a crane and rigging company for 19 years.

I have lived in North Yarmouth for 55 years and previously lived in Cumberland for 11 years. I have vivid memories of my childhood growing up in a small rural town where everyone knows you.

I have been happily married for 45 years. We bought our first house in North Yarmouth 44 years ago and still reside there. My wife Sheila and I have 5 grown children, 7 grand children and 1 great grand child.

I am an avid runner accomplishing road, trail and snowshoe races from 5K too 50K in length. I am a proud former boy scout from troupe 60 (north yarmouth). I enjoy all sports, coached baseball for 8 years and was very active with my children's participation in track and cross-country at Greely. I was a short time member of The Westcustago Grange.

I had very little interest in town issues until 2013 when I became involved with a citizen group to save The North Yarmouth Veterans Memorial Park. We were successful in establishing a new corporation and finally began honoring our and all veterans. I served on the board of directors for 8 years and am currently heading into my second year as president.

In 2017 I proudly received Citizen of the Year Award in North Yarmouth. I served on the Westcustago committee in 2018. I was seriously active in helping secure Sharps field. I am

currently Co-Chair of the Economical Development and Sustainability Committee. I am a multi year member of the North Yarmouth Business Association.

I have always had a desire to help people in need and am well known for having honest, fair and objective views. I am a strong advocate for the building cap referendum to create a pause in our uncontrolled growth and allow North Yarmouth some time to evaluate and explore direction with a more controlled, responsible and common sense approach to manage growth.

Having a long heritage in North Yarmouth and only wanting the best for our town, I see the drive toward urban development and I feel compelled to stand up for our residents, especially our seniors who deserve affordable housing or to stay in their homes through creative tax incentives.

I hope you will take a few moments to get to know me, give me the opportunity to answer any questions and if satisfied, offer me your trust and your vote. Thank-You.
