Learnings:

Need more marketing

Friday drop-off was busy

Customers wanted to help next year

Lisa cleaned up all the children's items

Lots for Tots only took 3 items (they only take pristine, modern items)

Most orgs can't take toys due to possible recalls

Maine Needs not open during summer  
Salvation Army took a few toys and clothes  
Goodwill took most of the rest  
Finally Home Dog Rescue took a few items  
Books - still in progress

Suggestions for next year:

Just one-day event  
First two hours for drop-off  
Last three hours are for pick-up only  
End at Noon so we can get to Casella  
Review what we take / don't take

**High School liaison** - enthusiasm for fall projects & Plastic-Free October

**Reviewed Book:** Living With Plastic, Brigitte Allen & Christine Wong
